"Incredible listener" is what comes to mind when I think about Ekaterina. It was a great pleasure to have her interview me for the Cransesy Website late last year. Above all, I was impressed with Ekaterina's ability to ask interesting and out of the box questions that went beyond our industry and take what I said and condense it without losing the message I was conveying. Ekaterina has great passion for what she does. She was able to make it great fun to be an interviewee. I look forward to our next collaboration together.
